Summary

Frontend Developer with 7+ years of experience building high-performance, scalable, and accessible web applications. Expert in **React.js**, and modern **JavaScript** ecosystems, with a strong foundation in frontend architecture, performance optimization, and UI/UX collaboration. Proven track record of delivering production-grade, responsive, and modular interfaces. Experienced in automating workflows, managing content pipelines, and collaborating across teams in fast-paced environments.

Technical Skills:

- Languages & Frameworks: JavaScript, Node.js, React.js, Express.js
- Frontend: HTML5, CSS3, Sass, LESS, Bootstrap, Tailwind, PWA, SEO basics
- APIs & Tools: REST API, JSON, Git, GitHub CLI, Figma, Jira
- Deployment & Environment: Netlify, Vercel, basic Linux server knowledge
- Methodologies: Agile/Scrum, Cross-team collaboration, Automation via tools/APIs
- Other: UI/UX prototyping, performance optimization, accessibility (WCAG)

Work Experience:

Front-end, Freelancer (Feb 2018 – Present)

- Optimized React.js apps, reducing initial load time from 5s to 3.5s through **code-splitting, lazy loading, and bundle reduction**.
- Integrated REST APIs for high-volume content delivery, resulting in **50% faster data fetch times**.
- Developed multilingual web apps with **WCAG-compliant accessibility**, enhancing UX across 3+ platforms.
- Automated repetitive frontend tasks using scripts and APIs, improving deployment efficiency.

Full stack, Alex Soft (Sep 2015 – Jan 2018)

- Led end-to-end development of scalable web apps, improving system efficiency by 40%.
- Conducted code reviews and refactoring, reducing technical debt by 30%.
- Collaborated with cross-functional teams to create responsive React UIs, increasing user satisfaction by 25%.
- Managed SQL and NoSQL databases, enhancing data retrieval speed by 40%.

UI/UX developer, I2IVision (Oct 2014 – Mar 2015)

- Built responsive frontend components using React.js, reducing bounce rates by 15%.
- Collaborated with product teams to align UI with business objectives, improving usability scores by 20%.

Web designer, OneHoster (Feb 2014 – Oct 2014)

- Designed wireframes, mockups, and interactive prototypes, improving stakeholder collaboration and reducing feedback cycles by 25%.
- Applied responsive design best practices, increasing mobile retention by 20%.

Internships &Trainings:

Front End Web Development Advanced, Udacity (Mar 2021)

- Gained expertise in essential build tools for Web Front End Development, such as Webpack, Babel, and NPM, streamlining development workflows and reducing build times by 25%.
- React Fundamentals
- React & Redux

Full-Stack Developer, Udacity (May 2020)

- SQL and Data Modeling for the Web
- API Development and Documentation
- Identity and Access Management
- Server Deployment, Containerization and Testing

Education

Diploma Computer Science. GPA: 3.88

Alexandria University in Egypt. Bsc, MIS , 2013. GPA: Very Good (87%) ranked as the 4th on the class.

Soft Skills

- ✓ Problem-Solving and Innovation: Quickly identifies and resolves issues to ensure smooth project execution.
- ✓ Communication: Clear and concise in conveying technical concepts to non-technical teams.
- ✓ Adaptability and Attention to Detail: Thrives in fast-paced environments, learning new technologies efficiently.
- ✓ Time Management: Skilled at meeting deadlines and managing multiple projects simultaneously.
- ✓ Teamwork

Notable Projects

[**Mediasea, E-learning \(2025\):**](#) Developed a **React-based e-learning platform for an international school**, implementing multilingual support, WCAG-compliant accessibility, and optimized API integration for fast content delivery.

[**Jeddah Agency \(2025\)**](#)

[**Al-andlos \(2025\)**](#)

[**American Council eg, Courses Center \(2024\)**](#)

[**MS 3D Studio, 3D Max services \(2023\)**](#)

[**Ideaspace, Business services provider \(2023\)**](#)

[**Alfarabi, Medical website\(2022\)**](#)

[**Rasha Aldeeb, Portfolio \(2022\)**](#)

[**ElephantsInk, Digital marketing agency\(2021\)**](#)

[**Taafy, Medical website \(2020\)**](#)

[**Envision Partnership, Business solutions \(2020\)**](#)

[**IT Expert tech, Database services and solution \(2017\)**](#)

[**Alex Soft, Software agency \(2017\)**](#)

Additional Projects (GitHub)

- [**Noted \(2025\):**](#) Developed a high-performance React web app with seamless UI/UX, optimized API integration, and responsive design.
- [**Restaurant Finder:**](#) Full-stack application integrating Google Maps & Places APIs.
- [**MERN Login-Signup:**](#) Authentication system with MongoDB, Express, React, and Node.js.
- [**Thanksgiving App:**](#) Interactive frontend project built with React.
